Google Search I'm Feeling Lucky

- Click on the "Meet" application. (You may need to scroll to find the application.)

**At some point, you will need to allow Microphone and Camera Access.* Please allow for both.

TO JOIN A MEETING SOMEONE ELSE HAS SET UP:

Most likely, someone will send you an e-mail. Accept the meeting in advance to add it to your calendar. The e-mail will have a button/link to join. If you're on a computer, you'll be sent to a new tab or window. *You will need to sign in to your google account.* If you're on a phone, you'll need to have the application, but once you have the application, you will automatically open the app and join that meeting.

When it is time for your conference, please open the meeting, and click "ask to join." When your teacher is ready, they will accept your request to join and then you will be connected with your teacher.

Other ways to join a meeting:

1. Manually type in the code. The code can be found in the link that was sent to you. Here is the example: <https://meet.google.com/uze-xdsh-kvw>. The code is the part in red.
2. In Google calendar, you can open an event and then click "Join Hangouts Meet".
